

Year 2 - Home Learning Grid

Why does it matter where our food comes from?

In addition to daily reading, please complete one of the English and Maths activities each week (they can be done in any order).

Please choose at least one of the topic activities to complete over this half term.

Learning can be recorded in any format in addition to your home learning book (e.g photos, models etc)

Please send home learning books into school by each Wednesday so that we can give the children feedback and return the books home on the Friday.
