| St Stephens Community Academy - Maths Scheme of Learning (Year 3) 2016 |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Year 3 | Autumn Term |  | Spring Term |  | Summer Term |  |
| Week | 1 | 2 | 1 | 2 | 1 | 2 |
| 1 | Number - Place Value <br> Read and write numbers up to 1000 in numerals and in words | Number - Multiplication \& Division , (Mental \& Informal Methods) <br> recall and use multiplication and division facts for the 3,4 and 8 multiplication tables | Number - Place Value <br>  <br>  <br> Subtraction <br> read and write numbers up to 1000 in numerals and in words <br> recognise the place value of each digit in a three-digit number (hundreds, tens, ones) <br> Pupils should be taught to add and subtract numbers mentally including: <br> a three-digit number and ones <br> a three digit number and tens a three digit number and hundreds | Number/Statistics <br>  <br> subtraction: Written <br> methods in the context of bar charts, pictograms \& tables. <br> Add and subtract numbers with up to three digits, using formal written methods of columnar addition and subtraction | Number - Place value <br> Count from 0 in multiples of $4,8,50$ and 100 find 10 or 100 more or less than a given number <br> Measure, compare, add \& subtract lengths ( m , $\mathrm{cm}, \mathrm{mm}$ ), mass ( $\mathrm{kg}, / \mathrm{g}$ ), volume/capacity ( $1 / \mathrm{ml}$ ). | Number/Statistics <br> Addition, Subtraction, <br>  <br> Division |
| 2 | Number - Place Value, Mental Addition \& Subtraction <br> Pupils should be taught to add and subtract numbers | Number - Multiplication <br> Write and calculate mathematical statements for multiplication and division using the multiplication tables that | Number <br> Counting \& mental Multiplication \& Division (inc informal methods) | Number <br> (Measurement) <br>  | Number - Addition \& Subtraction: <br> Add and subtract numbers with up to three digits, using formal | Number - Fractions <br> Count up and down in tenths; recognize that tenths arise from dividing an object into 10 equal parts and in |

1\|Page

|  | mentally including: <br> a three-digit number and ones <br> a three digit number and tens <br> a three digit number and hundreds | they know, including for two-digit numbers $x$ onedigit numbers, using mental and progressing to formal written methods | Recall and use multiplication and division facts for the 3, 4 and 8 multiplication tables | Subtraction of Money | written methods of columnar addition and subtraction | dividing one digit numbers or quantities by 10 <br> Recognise and show, using diagrams, equivalent fractions with small denominators |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 3 | Number - Written, Addition <br> Add and subtract numbers with up to three digits, using formal written methods of columnar addition and subtraction | Number - Division <br> Write and calculate mathematical statements for multiplication and division using the multiplication tables that they know, including for two-digit numbers x onedigit numbers, using mental and progressing to formal written methods | Number - Multiplication \& Division <br> Write and calculate mathematical statements for $\div$ using the x tables that they know, including 2 digit no's, I digit no using mental and progressing onto formal written methods | Measurement- time <br> Compare durations of events [ for example to calculate the time taken by particular events or tasks] | Number - Addition \& Subtraction, Money <br> Count up and down in tenths; recognize that tenths arise from dividing an object into 10 equal parts and in dividing one digit numbers or quantities by 10 | Number - Fractions <br>  <br> Subtraction <br> Add and subtract fractions with the same denominator within one whole (for example 5/7 $+1 / 7=6 / 7$ ) |
| 4 | Number - Written, Subtraction <br> Solve problems, including missing number problems, using number facts, place value, and more complex addition and subtraction | Number <br> Addition \& subtraction of money <br> Add and subtract amounts of money to give change, using both $£$ and $p$ in practical contexts | Number - Fractions <br> Recognise, find and write fractions of a discrete set of objects: unit fractions and non-unit fractions with small denominators <br> Recognise and use fractions as numbers: unit fractions and non- unit fractions with small denominators | Measurement: length, mass, volume, capacity | Number - <br> Multiplication \& Division: Practical context of measures <br> Write and calculate mathematical statements for multiplication and division using the multiplication tables that | Measurement- Time <br> Compare durations of events [ for example to calculate the time taken by particular events or tasks |

|  |  |  |  |  | they know, including for two-digit numbers $x$ onedigit numbers, using mental and progressing to formal written methods |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 5 | Statistics - Bar Charts, Pictograms \& tables <br> Interpret and present data using bar charts, pictograms and tables | Measurement - Time <br> tell and write the time from an analogue clock including using roman numerals form 1 to X11 and 12 hour and 24 hour clocks | Number - Fractions <br> Addition \& Subtraction <br> Add and subtract fractions with the same denominator within one whole (for example $5 / 7+1 / 7=6 / 7$ ) | Geometry: 2-D \& 3-D <br> Perimeter, shape including angles | Geometry: <br> 2-D shape and angles <br> identify right angles, recognise that two right angles make a half-turn, three make threequarters of a turn and four a complete turn; identify whether angles are greater than or less than a right angle | Statistics <br> Solve one-step and twostep questions [for example, 'How many more?' and 'How many fewer?'] using information presented in scaled bar charts and pictograms and tables |
| 6 |  <br> Measurement, 2-D shapes <br> \& their properties, Length. <br> Draw 2-D shapes <br> Measure the perimeter of simple 2D shapes <br> Recognise angles as a property of a shape or a description of a turn | Geometry - 3-D shape <br> Make 3-D shapes using modelling materials; recognise 3-D shapes in different orientations and describe them | Measurement- Volume \& Capacity <br> measure, compare, add and subtract: <br> lengths, $(\mathrm{m} / \mathrm{cm} / \mathrm{mm})$ : <br> volumes and capacity | Assess \& review week | Geometry: <br> 3-D shape <br> Make 3-D shapes using modelling materials; recognise 3-D shapes in different orientations and describe them | Assess and review |
