- I like my homework grids.
- My friends are supportive to me.
- I really enjoy the around the world maths challenge every week, I don't like if we have to miss it.
- I like that the teachers include everyone and use everyone's ideas to make one awesome idea.
- I really like our new morning activity because it is the same every day. *(We have an established routine so children know what they are doing when they come into school in the morning – a daily maths challenge, spelling activity and reading)*
- I like when its our day to play football at lunchtime.
- I like maths with Miss Webster.

**What I would like to change at my school ...**

- I would like longer computing lessons.
- Less English in the morning and more maths.
- More footballs available at break time
- I would like packed lunch and school dinners to all eat outside if it is sunny

**Overall Conclusions:**

All children in class 3 feel safe in school.

Children feel that other children in their class behave well.

All children agree that they mostly have to work hard and that they learn a lot while at school.

Lots of children enjoy maths lessons and the Around the World/UK challenges.

**Next Steps:**

Reiterate strategies that pupils can use if they are 'stuck in their learning'.

Ensure all pupils feel heard and that their thoughts are considered when some decisions are made.
