Coronavirus Update

Please note the following new information from the Prime Minister today.

- Anyone living with someone with symptoms must isolate for 14 days. Whole-household isolation rather than the 7 days for the one person showing symptoms.
- Anyone with a serious condition to be shielded for 12 weeks.
- The elderly and pregnant women to take particular care.
- Everyone to socially isolate and avoid unnecessary travel.
- Everyone should avoid social contact and non-essential contact.

REMINDER: If you have a new continuous cough OR a high temperature you should stay at home for 14 days.

Thank you for your support in this matter. We will ensure you are kept up to date with any new guidance.

Kindest regards

Maura Furber
